

MUCH INTEREST IN VOLCANO WORK

Two Hundred and Fifty Friends of Hawaiian Research Association Hear Report of Work Accomplished by Doctor Jaggar During Past Year on Kilauea—Future Support Believed Assured.

The Hawaiian Volcano Research Association met at the Library of Hawaii last night at eight o'clock.

It was one of the largest and most representative audiences that has gathered in this city for many months, over two hundred and fifty men and women having been present.

L. A. Thurston acted as chairman and introduced Doctor Jaggar. The Hawaiian Volcano Research Association said Mr. Thurston, owns its existence to the fact that when Doctor Jaggar passed through Hawaii three years ago on his way to Japan, whether he was being sent by the Boston Institute of Technology, he took a side trip to Kilauea and came back to Honolulu enthused with the wonderful opportunities for research which our tame volcano presents. The result was that Thurston and five others organized themselves into a volcanic organization, got into touch with the Volcano Research Association of Springfield, Massachusetts, the Carnegie Institution and various local bodies, including the Hilo and Honolulu Chambers of Commerce raised funds, and finally secured the loan of Doctor Jaggar's services by Technology for a period of six years. The meeting last night had been called to effect a permanent organization.

Doctor Jaggar's Report.

Dr. Thomas A. Jaggar Jr. presented a report which was a review of the volcanological investigations in Hawaii. After reviewing the general field he devoted considerable attention to the observations now being carried on at the Kilauea Observatory, together with its purposes, expenditures, endowment and necessities. Doctor Jaggar pointed out the tourist phase of the work, saying that "the advertisement of the country by scholars and persons of education, who are keenly interested in the scientific work when they visit Hawaii, brings finer people here and is more surely far-reaching than ordinary promotion and publicity."

He believes that the work ought to grow, instead of being allowed to dwindle.

"Finances being the nutriment of life-blood of science as of other things," he says, "the question that is squarely before us now is—shall the Hawaiian Volcano Observatory at this critical time be given substantial and assured support in Hawaii, or is it to be allowed to dwindle and disappear?"

The first scientific observations made in Hawaii were by a missionary, Titus Coan.

Missionaries Needed in Science.

"We need in science self-sacrificing missionaries," says Doctor Jaggar. "If missionaries," he said, "the question that is squarely before us now is—shall the Hawaiian Volcano Observatory at this critical time be given substantial and assured support in Hawaii, or is it to be allowed to dwindle and disappear?"

The first scientific observations made in Hawaii were by a missionary, Titus Coan.

Supervisors Finally Agree Upon Budget for Half Year

It will cost the taxpayers \$367,728.32 to conduct the affairs of Honolulu for the first six months of 1914. This includes salaries, road improvements and all items of expense which can possibly be foreseen by the board of supervisors. The budget was agreed upon finally shortly before eleven o'clock last night after the supervisors had been in caucus discussing the measure almost constantly for the past two weeks or more. The salary rolls received the greatest amount of attention and in this respect the list is more than forty thousand dollars greater than for the first six months of the present year.

A special appropriation of five thousand dollars to provide for a survey of the entire city to carry out the provisions of the new frontage tax law, is one of the items in the list as finally agreed upon. Following is the budget as finally agreed upon:

Budget as Agreed Upon.

Salaries fixed by law	\$ 25,420.00
Advertising, not pro rated	1,000.00
Attorney, Deputy and Office Employees	4,200.00

Shelter Home, not pro rated	6,432.32
Permanent Street Survey	\$19,738.32
Storm Drain, Liliha School and Kukuihi Streets	5,000.00
Purchase and Installation Fire Alarm Boxes	5,000.00
Permanent Road Fund, District of Honolulu	2,000.00
Permanent Road Fund, District of Ewa and Wai'anae	18,000.00
Permanent Road Fund, District of Wai'anae	9,000.00
Permanent Road Fund, District of Ko'olau	3,000.00
Permanent Road Fund, District of Ko'olau	2,100.00
Maintenance of School houses and Grounds	2,400.00
Water and Sewer Rates	6,000.00

CANNON HANDS HIS TITLE TO PRESIDENT

CHICAGO, November 30.—"They said I was a Czar when I was in the Speaker's chair at Washington, but Woodrow Wilson can give me cards and spades in that line," "Uncle Joe" Cannon declared last night at the annual dinner of the Illinois St. Andrews Society.

"But he is your President and my President," the former Speaker continued, "and if he should be mistaken in his ideals and methods and in the future fails to give us the prosperity promised, he will fail in 1916, for our fathers so made it that we can reverse the engine when things do not go right."

Cannon responded to a toast, "The Land We Love In."

Each of the 1,200 guests wore a sprig of heather, sent from Skibo Castle by Andrew Carnegie.

ATTRACTIVE WOMEN

Bright Eyes and Color in Lips and Cheeks Impossible Without Rich Red Blood.

The brightest day for every girl and every woman is the day when she looks well, feels well and is well. For every woman who does not enjoy these bright days of good health there is this cheering news. Your aching back, the dizziness, languor and weakness that leaves you trembling and breathless after any exertion, those attacks of faintness and headache that make everything blurred, in fact any condition of ill health caused by thin weak blood, can be diminished just as soon as you make up your mind to build up your blood with Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills enrich the blood and this new blood causes health, soundness and strength to every part of the body. Why not start now by getting a box of Dr. Williams' Pink Pills from your druggist?

Fred M. Custer of Philadelphia has written to the Governor's office asking to be advised as to the rate of compensation to prosecute the assault and battery of at least two hundred thousand dollars over and above the sum already awarded for the actual damage to the plaintiff.

BROWN ORDERS 36 DISMISSED

Deputy City Attorney Unable to Secure Enough Evidence to Uphold in Circuit Court Gambling Convictions Secured in Police Court—Forty Chinese Give Up Fight, Plead Guilty and Are Lightly Fined.

Upon motion of Mr. Brown the court orders a nolle prosequi entered in each case owing to the insufficiency of evidence on behalf of the prosecution. This quotation is from Clerk T. S. Simonton's official record of yesterday's minutes of Judge William J. Robinson's criminal court. In this manner the dropping of criminal charges against thirty-six persons accused of crime took place in Judge Robinson's court yesterday.

On this excuse of insufficiency of evidence to convict and on motion by A. M. Brown, second deputy city attorney,

the following cases were dismissed yesterday through the nolle prosequi route:

Lui Lau and twenty-one other Chinese under charge of being present at a gambling game; Yee Saw, Lee Chin, Ah Sam, Lau Choy, Akama, Ah Moon and Ah Yen, defendants in a case with forty other Chinese, on a similar charge, the forty others pleading guilty and together fined five dollars each, together with the costs of court; Liuna, Jr. (two changes) and David Nuu, on a like charge; Paul Boyer, John Floyd and Henry Johnson charged with assault and battery; and Frank Buckner, charged with a statutory crime.

After a short trial Young See, charged with selling merchandise without a license, was found not guilty by Judge Robinson and discharged. By stipulation made between the prosecution and the defense, no oral testimony was offered yesterday, Judge Robinson simply reviewing the transcript of the evidence which was given in the district court of Honolulu.

Yee Saw, charged with conducting a gambling game, pleaded guilty and was fined twenty-five dollars and costs in the sum of two dollars and a half by Judge Robinson yesterday. Izumi pleaded guilty to a charge of larceny in the second degree and Judge Robinson fined him five dollars and costs in the sum of two dollars and fifty cents.

Judge Robinson yesterday rendered an oral decision denying the motion for a certification to the supreme court of the case of murder in the first degree against Henry Francis Ferguson, which was made on his behalf by Attorney George A. Davis on November 25 last, the day on which Ferguson was sentenced to death for the murder of Officer M. D. Abreau.

Two cases against Joe Reyes, charged with selling liquor without a license, were tried today before a jury in Judge Robinson's court beginning at half past eight o'clock this morning. This is all on the calendar of Judge Robinson's court for today.

Str. Mauna Kea, from Maui and way ports, December 9.—E. R. Hendry, E. Kopke, D. Michaels and wife, J. D. McGrath and wife, H. L. Hall and wife, R. Martin, W. A. Grainger and wife, Miss E. M. Efforts to Hold Up Prices Under Heavy Selling Fail on New York Board.

(By Federal Wireless Telegraph)

NEW YORK, December 11.—(Special to The Advertiser)—Attempts to sustain quotations in the face of drastic liquidation of special issues were unavailing and after an early improvement prices dropped sharply all around.

New Haven made an extreme drop of 5.8 to 67.38. Pennsylvania gave way two points and American Telephone 24, both issues falling under their low records for a number of years.
